

North Carolina Industrial Commission (NCIC) Bulletin
XML Option: IAIABC Claims Release 3 Standards utilizing ACORD XML
Standards Request for Trading Partner Feedback

Date: 4/5/16

NCIC is expanding their reporting options for NCIC Trading Partners and to accept the IAIABC Claims Release 3 First Reports electronically utilizing ACORD XML Standards. NCIC announced plans to implement these XML standards at the 2015 IAIABC Forum on April 14, 2015. Please note that the use of the XML format is only an option and is not required by Trading Partners who prefer to continue to use the current IAIABC Release 3 Flat File.

Please contact NCIC by responding to this email to ncicedi@iso.com if you are a NCIC Trading Partner interested in testing and subsequently reporting First Report of Injury to NCIC utilizing these IAIABC and ACORD XML standards. NCIC will provide additional information to interested Trading Partners concerning the IAIABC and ACORD XML Standards and NCIC testing plan and schedules.
